Little Land Affected.

In reference to the common stitute, Senator Pittman said: "The public lands committee yesterday adopted an amendment to be pro-posed upon the floor of the Senate as substitute for the Phelan amendment in the general leasing bill. The amendment is in substance the same that was proposed recently by the

interior Department, "In the opinion of the Senate com-nittee, this amendment eliminates the provisions of the Phelan amendment that have been attacked by the extreme conservationists throughout the country The opposition of the Navy Department will undoubtedly be overome by the present amendment, and the Administration's general conserva-tion measure, which has been pending for four years in Congress, permitted

"Under the present amendment, less

than 6 per cent of the land in the naval oil reserves is affected. As to this 6 per cent, the profits of operation are given to the navy in the form of royalties instead of through the profits that might be derived through

the direct operation of the propertie by the Navy Department. "This bill is not only of the greatest importance to the West; but to all of the people of the country, as it will stimulate independent oil operators to compete with the Standard Oil Com-

pany and other big companies." Can Lease 100 Acres.

The amendment provides "That

upon relinquishment to the United States within ninety days from the date of act or withdrawal of application for patent, of any claim or subdivision thereof asserted under the mining laws prior to July 3, 1910, to any unpatented oil or gas lands in-cluded in any order of withdrawal or within naval petroleum reserve No. 2, the claimant shall be entitled to a lease for each asserted mineral location of 160 acres or less or any sub-division thereof upon which such claim is based and upon which his ,predecessors in interest, or those claiming through or under him, have prior to the date of this act drilled one or more producing oil or gas wells, such lease to be upo
